

**MEMORANDUM
DEPARTMENT OF FACILITY SERVICES
COUNTY OF PLACER**

To: **BOARD OF SUPERVISORS**

Date: **APRIL 4, 2006**

From:  **JAMES DURFEE / WILL DICKINSON**

Subject: **TIPPING FEE INCREASES AT THE EASTERN REGIONAL MATERIALS
RECOVERY FACILITY AND COLLECTION FEE INCREASES IN FRANCHISE
AREAS 2 AND 3**

ACTION REQUESTED/RECOMMENDATION:

1. Conduct a Public Hearing to receive input on and approve solid waste tipping fee increases at the Eastern Regional Materials Recovery Facility (ERMRF) as shown in Exhibit 1 and collection fee increases in Franchise Areas 2 and 3 as shown in Exhibit 2.
2. Adopt the attached Resolution authorizing the Chairman to sign the attached contract amendment that incorporates the recommended fee increases.
3. Make a finding pursuant to Section 21080(b)(8) of the Public Resource Code, that the higher fees are derived directly from the cost of providing service and are necessary to meet operating expenses required for maintenance of service, and are therefore exempt from environmental review.

BACKGROUND: In July 2003, the County entered into a contract with Eastern Regional Sanitary Landfill Inc. (ERSL Inc.) and Tahoe Truckee Disposal Co, Inc. (TTD) to provide waste collection and processing services. The contract calls for annual adjustments in the fees paid to ERSI Inc./TTD based on changes in the Producer Price Index and Employment Cost Index. In conjunction with adjustment of these fees, the County annually reviews and adjusts the tipping fees charged at the ERMRF to account for the following:

- 1) Fees paid to ERSI Inc. for processing materials at the ERMRF and burying the residual at the Lockwood Landfill. Based on changes in the Producer Price Index and Employment Cost Index, the processing fees paid to ERSI Inc. in FY 06/07 will increase by 5.15%. Costs of burying the residual will increase by 5.1%.
- 2) Ongoing costs incurred by the County for monitoring and maintaining the closed landfill, repaying bonds and other debt, managing contracts and constructing improvements to the site. Ongoing costs are not expected to increase in FY 06/07.
- 3) Contributions to reserves for future purchase of on-site buildings and equipment owned by ERSI Inc./TTD. The County must raise \$9,401,003 by 2015 in order to purchase the buildings and equipment. For FY 06/07, staff anticipate contributing approximately \$300,000 from tipping fees to reserves. Contributions are expected to increase considerably towards the end of the contract because of growth in the waste stream.

Exhibit 3 shows how the tipping fees are allocated to cover the three categories of costs.

Fees charged to garbage collection service customers in Franchise Areas 2 and 3 have the following components:

- 1) Service – This is the fee charged by TTD for collecting and transporting garbage to the ERMRF. Based on changes in the Producer Price Index and Employment Cost Index, this component will increase by 5.15% in FY 06/07.
- 2) Disposal – This is the cost to TTD for dumping garbage at the ERMRF. It is determined by multiplying the average “set-out” weight (in tons) for each service level by the tipping fee charged at the ERMRF. Based upon the tipping fee increases shown in Exhibit 1, on average the disposal component of the collection fees will increase by approximately 4.0%.
- 3) Franchise Fee – This portion of the fee pays for costs incurred by the County to implement diversion programs and monitor collection service contracts. Per the County Code, the Franchise Fee is set at 5% of the cost of providing service for Franchise Areas 2 and 3.

Proposed collection fees and their derivation are shown in Exhibit 2.

In order to implement the proposed tipping and collection fee increases, your Board must conduct a Public Hearing and adopt a Resolution approving an amendment to the ERSL Inc/TTD operation contract. If approved, the proposed tipping and collection fee increases will take effect on July 1, 2006.

Notices specifying the date and location of the Public Hearing and the proposed increases have been published in the Sierra Sun and the Tahoe World.

ENVIRONMENTAL CLEARANCE: The proposed tipping and collection fee increases are considered exempt from environmental review, pursuant to Section 21080(b)(8) of the Public Resource Code, provided your Board adopts the findings specified in the Action Requested.

FISCAL IMPACT: The proposed tipping fee increases range between 3.98% and 4.09% depending on the type of material. Proposed tipping fees and percentage increases for FY 2006/2007 are provided in Exhibit 1. The proposed collection fee increases range between 4.4% and 4.8% depending on the level of service. Proposed collection fees and percentage increases for FY 2006/2007 are provided in Exhibit 2.

FIFTH AMENDMENT TO CONTRACT NO. 11710
AGREEMENT FOR SOLID WASTE HANDLING SERVICES

This Fifth Amendment to the Agreement for Solid Waste Handling Services between Placer County, California ("County") and Tahoe Truckee Disposal Co., Inc., a California corporation, and Placer County Eastern Regional Sanitary Landfill, Inc., a Nevada corporation (hereinafter collectively referred to as "Contractor") is entered into this ____ day of _____, 2006 and effective as of July 1, 2006.

RECITALS

1. The County and Contractor entered into that certain Agreement for Solid Waste Handling Services dated July 22, 2003 which was amended previously as of April 20, 2004 by the First Amendment, July 13, 2004 by the Second Amendment, January 18, 2005 by the Third Amendment and April 18, 2005 by the Fourth Amendment. ("Agreement").
2. The County and Contractor wish to amend the Agreement, after holding a scheduled Public Hearing, to amend the Tipping Fees charged by Contractor at the Facility and the Collection Rates charged by Contractor to residential and commercial customers in the Franchise Areas for providing Solid Waste collection services.
3. The County and Contractor wish to amend the Processing Fees and Incentive Payments earned by Contractor for providing the services under the Agreement and the License Fees paid to County by Contractor for use of the Premises.
4. The County and Contractor wish to memorialize in this amendment their agreement regarding the foregoing issues.

NOW THEREFORE, THE PARTIES AGREE AS FOLLOWS:

1. Exhibit C shall be deleted and the Exhibit C attached hereto is substituted therefore.
2. Exhibit G shall be deleted and the Exhibit G attached hereto is substituted therefore.
3. Exhibit L shall be added as attached hereto.

Except as expressly provided in this Fifth Amendment, the Agreement shall remain unchanged and in full force and effect. After this Fifth Amendment is duly executed and delivered by County and Contractor, this Fifth Amendment shall be and constitute an integral part of the Agreement.

IN WITNESS WHEREOF, the County and Contractor have executed this Amendment as of the day and year first above written.

(1) Service level corresponds to the size of the debris box. Rock boxes are approximately 10 cubic yards.

(2) Disposal rate computed based on the Mixed Waste Tipping Fee at the Facility applied to the designated yardage with a conversion factor of 232 pounds per cubic yard. Overweight charges applied at the Mixed Waste Tipping Fee for 20-yard debris boxes weighing over 8,000 pounds and 30-yard debris boxes weighing over 10,000 pounds.

- (1) Service levels correspond to bin size (in cubic yards) and collection frequency per week (i.e.; 2x = twice per week). Bin sizes of ten (10) cubic yards or greater refer to compactors.
- (2) Disposal rate computed based on the Mixed Waste Tipping Fee at the Facility applied to the designated yardage with a conversion factor of 232 pounds per cubic yard for non-compactor units and 375 pounds per cubic yard for compactors.
